PATENT SHINGLE MILL

EVARTS & BUTLER,

PROPRIETORS & MANUFACTURERS,

CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority is produced by making it cut in the direction of the fibre of the wood

The cuts with which wood is worked in that direction gives it speed of execution, and the flexibility of the shingle with wise relieves the saw, so that it may be ground thin on a edge so as to run easily but thick on the wood

The shingles now made with this mill sell in this market seventy five cents per thousand higher than any other sawed shingle

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order

PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of MR T HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored The following testimonial to Mr Hurlbut's capability is from the director of one celebrated Germania Musical Society

It is with much pleasure that I commend Mr H T Hurlbut as a Piano Forte Tuner and regulator To say that he is an excellent tuner, would not be doing him justice for I can with much candor say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned but the greatest recommendation for him is his unusual length of time which he Pianos remain in tune I have never either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr Hurlbut, and as cheerfully recommend him to all who want Pianos tuned

IMPORTANT TO EVERYBODY.

FOR the last three years I have been engaged in a business known only to myself and customers only a few others whom I have instructed for the sum of $250 each, which has averaged me at the rate of from $3 000 to $5 000 per annum, and having made arrangements to go to Europe next spring to enjoy, in the same business I am desirous of giving full instructions in the Art to every person who will remit me the sum of ONE DOLLAR. I am induced from the success I have been favored with and the many happy acknowledgments I have received from those I have instructed in the Art and who are now making from $10 to $15 per day, to give every person a chance to come to possession of this valuable means of making a small fortune There is no REASON whatever for any one being unsuccessful in this business, and who will faithfully follow the plain instructions I will give, can make from $8 to $ 5 per day at the same Either a business in which either ladies or gentlemen can engage and which perfect success makes very handsome profits. Several ladies in the employment of Pennsylvania and Maryland whom I have instructed in the Art are now clearing from $8 to $5 per day It is a Genteel Business and but a few shillings are required to start it Upon receipt of $1 00 I will immediately send to the applicant a printed circular containing full instructions as to the Art which will be perfectly understood upon receiving same address

News of the Morning.

President PIERCE has at last shown his hand on the Kansas question, and taken sides, as his antecedents led us to expect, with the Slavery propagandists. No Speaker yet in Congress.—The *Union*, organ of the National Democracy," proposes a "fusion" with the Know Nothings to help the administration out of their fix. By all means let them "fuse." The weather continues severely cold at the east, while it is pleasant and moderate with us.

Both branches of the Legislature were in session yesterday afternoon. Senator HADLEY tried to take advantage of the absence of several Republicans, and get an order passed for more printing; but the trick did not win. See telegraph and local columns for various items of news.

The Proposed Proscription of Catholics.

The *American* of yesterday copies a single paragraph from the article in Saturday's *Sentinel*, relative to the recent change in the Know Nothing platform, in which we stated that the obvious and only intent of this new move was "to draw the line between Catholics and Protestants, "to exclude the former, because of their religious faith, from all places of public trust and "and all voice in the public councils," and it comments thereon as follows:

"The only exception we take to the above paragraph—which is contained in an article in Saturday's *Sentinel*—is in the word which the writer has italicised. It is *not*, "BECAUSE, of their RELIGIOUS faith," that the American Party opposes the proselytes, laymen, priests, bishops, and the whole infernal pestilencal machinery of the Romish Church, but as the *Sentinel* well knows, because the whole history of Catholicism and the testimony of its leaders in this country, goes to prove that a good and true Catholic cannot, in the nature of things, be a good and true Republican.

We do not see that the *American* disproves, or denies our statement. Indeed, it roundly asserts that "a good and true Catholic" cannot, by possibility, be "a good and true Republican:" and therefore, by irresistible inference, that he must be required to abjure his religious faith, or be denied the rights and privileges of American citizenship. To be sure, the *American* points us, in the next breath, to another plank of the K. N. platform, in which these gentlemen resolve that they "advocate the right of every man to enjoy "the free, unrestrained and peaceful exercise of "individual conscience and religious belief"—a right, by the way, which our Constitution *guarantees* to every man—and that moreover, they "are opposed to all proscription of persons on account of their religious views!" But we confess our utter inability to reconcile this resolve with the avowed objects of the order, or with the *American's* own declarations, that good Catholics cannot be good Republicans, and that the K. N. party *opposes* them for *that* reason. Are we wrong in the assumption that the Know-Nothings desire to exclude Catholics, *as such*, from all share in the public offices, all voice in the public councils? And if that *be* their aim and object, is it not proscription for faith's sake?

The President's Kansas Message.

By the report of the proceedings in Congress, Jan. 24, which are given elsewhere, it will be seen that President PIERCE has at length spoken on the subject of Kansas affairs. As might be expected from the tone of other documents from that quarter, the message defends the conduct of the border ruffians in effect, and throws the blame of the late outrages on the inhabitants of the Free States and the Freemen of Kansas. The *Tribune* says of the message:

The President has at last declared himself on the Kansas question. He yesterday sent to Congress a message on that subject, whose character is so forcibly given in a dispatch from Washington which reached us last evening, that we cannot better do justice to its nature than by quoting the language of the dispatch:

"The Message," says our correspondent, "is intensely Border Ruffian. In this unprecedented document Mr. Pierce grossly assails Gov. Reeder, denounces the Emigrant Aid Society, upholds the Border Ruffian Legislature and its enactments, declares the Free State movement to be treasonable, and proposes that Congress shall originate a movement for the organization of Kansas as a State under Border Ruffian auspices. He is utterly silent with regard to the Missouri raid on Lawrence, and the Border Ruffians murders, of Dow, Barber and others. So base a document never till now emanated from the White House."

To this vigorous characterization of this message we need only add that while the last previous State paper of the sort was supposed to have had Mr. Cushing for its principal author, this one would seem to be the joint production of Messrs Pierce, Cushing and Jeff. Davis. The President evidently supposes that his office holders will insure for him the Northern Delegates to the Cincinnati Convention, and all that is now wanting to render his nomination certain is that he should go sufficiently low in the dirt to get the Southern delegates also. Meanwhile the duty of the people of the Free States is to send more true men, more Sharpe's rifles, and more field pieces and howitzers to Kansas!

"THE LEGISLATIVE CAUCUS."—Under this head our neighbor of the *Free Democrat* makes himself unhappy to the extent of three-fourths of a column, the first paragraph reading as follows:

Mr. Watson writes to the Sentinel, that the Republican Legislative Caucus "designated in particular request the following gentlemen as delegates to the Pittsburg Convention." The "particular request" consisted in a member's nominating, and whoever got ahead in the stampede, got his man. He also adds, the caucus did not "assume to restrict the representation from this State to the persons named, in as much as the meeting [at Pittsburg] is an informal one, for consultation and not nomination." The inference is, that had it been a *formal nominating* Convention, they would have restricted the representation to their appointees.

No such inference could be drawn by any one whose temper was in a healthy and placid state, and our neighbor's feelings being quite the contrary of late, we only refer to the subject to assure those who might otherwise be misled, that the Republicans of the Legislature, wishing that our State shall be fully represented at Pittsburgh, merely took the liberty of asking such persons, whose faith and acts as Republicans were certified to by members present to be such as could be relied on, to go to Pittsburgh. They expressly disavowed all idea of restricting attendance at the Convention, but thought a request to particular persons might more surely secure a delegation. That is all.

EXCELSIOR SOCIETY OF CHICAGO.—The sons of New York, in our sister city, had a "good time," at their anniversary Festival on the evening of the 25th inst. At 5 P. M. a large and intelligent company of gentlemen and ladies, sat down to a sumptuous dinner at the Tremont House. The entertainment was enlivened by a fine Band of Music, and by stirring speeches and appropriate sentiments. Judge HUBBELL was present as a representative of the Excelsior Society of Milwaukee. At nine o'clock the company adjourned from the table to the dancing-room, where mirth and music held sway till a late hour of the night. When next they meet, may we "be there to see."

COMPLAINT AGAINST A DISTRICT ATTORNEY.—We learn from the Walworth County *Independent* that Mr. BARSTOW has cited the District Attorney of that county, Mr. SPOONER, to appear before him in February, and answer certain charges of incompetency and want of legal ability to perform the duties of his office. The *Independent* promises some light on the subject in its next issue.

Blackwell on Tax Titles.

Here is a new book, upon a new subject This is the first attempt to give us the whole law relating to tax titles. The author, ROBERT S. BLACKWELL, Esq., of Chicago, hitherto little known, except in his extensive practice at the Bar, has at once begun and established a solid reputation as a legal writer. Entering upon a new field of professional inquiry, he has not only explored it thoroughly, but has drawn from the confused mass of statutory enactments and judicial decisions, and has presented in a simple and intelligible form, *all the laws* and *all the authority*, relating to this much vexed and often-abused branch of jurisprudence. The topics are methodically arranged, logically discussed, and presented in a style unusually correct, clear and forcible. The author's starting point, in every case, is *principle*: the elementary principle which underlies governmental power and individual right.

Having announced this, he proceeds to develope the proper mode of exercising the one and enforcing the other; drawing to his support, from a rich store-house of learning, all the decided cases which he deems founded in reason; and, clearly exposing the errors of those that are not. His statements of facts are systematic, lucid and apparently accurate, and the entire work bears intrinsic evidence of sound judgment, masterly discrimination and indefatigable research.

It has been suggested, as a fault, that the author follows up and exposes with apparent zest even the slightest infractions of private right on the part of the taxing power: thus, giving to his work the appearance of an adroit attack upon the validity of *tax titles* in general. This may be so. Yet evidently, the fault arises, not from any professional bias, or from narrow and unjust views of the appropriate exercise of this essential attribute of the sovereign power of the State, but from—(if it be possible,) a too ardent devotion to the great elementary principles of American right and fundamental law. As a whole few works have come from the press, in this country, more likely to command the respect of the bench and bar. With the profession, it must, at once, take its place as a standard author[ity]; while, at the same time, it will be found highly instructive and useful to many classes of public officers, and to thousands of our citizens who must necessarily have an interest in taxes and tax-titles. H.

A "SUPPLEMENTAL RETURN" SPIED.—The Madison *Argus*, announcing the return from Superior, Douglas county, some time since, added that there was another precinct in this county, called Douglas, where a large additional majority for Barstow might be looked for. No doubt, a "supplemental return" for Douglas precinct had been ordered from Madison and possibly manufactured, as were the *Spring Creek, Bridge Creek, Gilbert's Mill*, and Town 25, Range 10 returns, and this intimation in the *Argus* was to pave the way for it. But the Superior *Chronicle* of the last instant, thus effectually blocks that game:

The Argus consoles its readers by telling them that the precinct of "*Douglas*" in this county is to hear from! and that it will increase Barstow's majority! Very probably—when it is heard from. Friend, *Douglas county has but one precinct, and that is Superior; and eighty majority is all that this county gave Barstow.*

RACINE & MISSISSIPPI RAIL ROAD.—The Racine *Democrat* of Saturday, announces that on that day the last spike was driven on the track between Racine and Delavan, Walworth County. The *Democrat* feels justly elated with the progress of the work, and says:

The Racine & Mississippi R. R. Co. have now 48 miles of Railroad in good running order—in the heart of the richest agricultural country in the world—surrounded on all sides by a population out of debt—with an eastern terminus affording good harbor room—easy and cheap water-carriage to all quarters of the world—a rail road without a mortgage resting on it—in short with all things in such condition that the company must grow rich, and their stock be as good as any R. R. Co.'s in the world or, else fall by gross mismanagement and blundering as never yet has been heard of

On Thursday next there will be a formal opening of the road to Delavan. The good people there are making ample preparations, and we anticipate such a pleasant jollification as will leave matters for remembrance to the end of time.

THE STATE CANVASS FOR GOVERNOR.—We publish to-day the Report of Messrs. Taylor, Dunn, Smith, Barber and Cobb, the Senate Judiciary Committee, who were instructed to examine and report to the Senate, such facts in relation to the canvass as they could obtain in the Secretary's office. It will be valuable for reference hereafter.

It will be seen that excluding all supplementary returns, Mr. Bashford has a majority of 847 votes; and it will be made to appear, in the course of the investigations of the sure now pending, that his just and true majority is nearly or quite double that amount.

"NELLY BLY."—We find in the Coos (N. H.) *Republican*, of the 8th inst, the following paragraph about a famous little mare, well known in our city:

"Mr. G. F. Hartwell of this village, on the morning of January 1, trotted his Black Hawk mare "Nelly," in a heavy sleigh, Mr. Hosea Gray riding with him, their weight being 350 pounds, from this village to Northumberland, a distance of *six miles and two hundred and fifty-two rods*, in 23 minutes and 8 seconds, winning one hundred dollars against 25 minutes. Considering the weight she carried, the age of the mare, (being five years old) and the looseness of the traveling, there being a fall of snow the day previous, is what we, in Upper Coos, think is going ahead.

REPUBLICAN CLUBS.—The Republicans of Elkhorn have set their brethren throughout the State an excellent example in the formation of a Republican Club. The following are the officers:

LEVI LEE, President, B. REYNOLDS, Vice President; HENRY AIKENS, Secretary, and HENRY COBBINS, Treasurer.

The object of the organization, of course, is to promote the success of the Republican cause, and the Club holds business meetings weekly. There should be at least one such Club in every town and ward in our State.

BRIEF AND TO THE POINT.—SENATOR COBB, of Iowa county, one of the Republican members of the State Senate, publishes the following card in the Mineral Point *Tribune*:

A CARD.—The members of the Senate, during the present, as well as the last session, take no *newspapers* at the expense of the State. Hence, I trust that my constituents will not take the non-receipt of publications of that sort from me, as evidence of neglect on my part

SENATE CHAMBER, } AMASA COBB
Madison, Jan. 22, '56. }

MR. BASHFORD'S CASE.—Chief Justice Whiton, of the Wisconsin Supreme Court, has decided that Mr. Bashford's private counsel cannot be permitted to participate in the suit The Attorney General alone must manage it on behalf of the people.—*Chicago Dem. Press.*

The *Press* had been misinformed. The Court expressly recognized the right of Mr. BASHFORD'S counsel to appear in the suit, and their appearance has been formally entered

EDITORIAL WITHDRAWAL.—We learn from the *Free Democrat* of last evening that CHAMPION VAUGHAN, who has been associated in the editorial management of that paper for some time past, has withdrawn from the connection, his views and those of the Senior editor, on certain questions of State politics, not at all harmonizing. Mr. VAUGHAN will remain at Madison, during the Session, as correspondent and reporter for the *Free Democrat*

MILWAUKEE & HORICON R R.—See notice of the annual meeting of this Company, to elect Directors, to be held at Waupun, March 5th. The affairs of the Company are in a prosperous condition, and it will commence business shortly with a better outfit than most railroads in the country have had after a year's running.

QUICK WORK.—A young couple, living at Appleby-bridge, near Bradford, have required the service of the registrar of the district three times within as many days. On Monday week they were married; on Tuesday the bride became a mother; and, on Wednesday, the little stranger was buried.—*English paper.*

Correspondence of the Sentinel

Men and Things in Gotham.

NEW YORK, Jan. 21, 1856.

MESSRS. EDITORS:—Glorious moonlight nights and sparkling sunny days, have had a week's existence with us now. The frost is thawed out of our bones, our streets have felt the genial influence and have dealt abundantly in "heavy wet." Horsemen's boots are all the fashion, and small folks are buried prematurely in them Unpatented skirt lifters are thick as Autumn leaves, the "Russ" resembles a rolling prairie in a soft state and the debris of sacrificed vehicles strew the thoroughfares, while "sink or swim, survive or perish." is the motto of humanity abroad — In other words, Gotham is liquidating her affairs, and people who live under ground, and thousands also that fashion here, have as hard a time, as land ther. better, not long since when the bursting of Croton pipes and freezing of Gas was a perfect epidemic and carried destruction and annoyance in their train quite generally.—Sleighing has ceased to be a novelty, and every one has had his fill of that exhilarating way of getting over the road. Nights, calm and light and just cold enough to crisp the road, flooded by day, are gay with turn-outs and all the avenues are alive with flying cutters and their musical or uproarious occupants. All night if you are inclined to be wakeful, jingling bells and shouting parties break on the ear and show that "fun's alive" long after the cock crows.

Can any one account for the disposition to yell, so generally manifested when on board a sleigh! Dozens of sweet creatures, muffled in furs, and cosily packed together, tear past you with a faster team, and "Old Dog Tray," a remarkable dog that, or some other plaintive melody, is poured forth with a gush, that does not die away for miles. As Mr. Squeers observed, "a rum thing is natur," and brick cities are not calculated to develop its growth, so the poor blighted plant, when it feels the fresh air, is put through a course of sprout, that astonishes a quiet man, if disposed to take a little air to the accompaniment of sleigh bells.

During our late fierce storms and better weather, we all thought much of "those who go down to the sea in ships." Now, while we are more comfortable, and the thought is past, comes a long catalogue of disasters so terrible, and suffering so excruciating, that nothing but a personal experience of them could render the tales more dreadful So much hardship, condensed in so short a time, perhaps never occurred before in this neighborhood. Shipwrecked mariners, suffering tortures worse than death, find their way into the city day by day; frozen pilots, sacrificing their lives for those nearly in the same condition; shattered barks and cargoes strewed along the shore, make up the frightful details of our great storm. Verily, "there is danger on the deep." The fine packet ship St. Denis, deserted by her crew, the captain and passengers on board, and all supposed to have foundered, according to the narrative of those saved, is not yet given up, and it is hoped, by those experienced in such accidents, that she may still be afloat, and eventually brought into port.

The operations of "Greer", the confidence man, have astonished the community of late, and are quite the town talk, being considered a little ahead of any thing in that line down in the criminal record. His ability, personal appearance, and varied accomplishments are second to no man's, and his rascality is a very recent addition to the talents last mentioned. He is an Irishman, and has been a most popular Methodist Clergyman in this neighborhood; but jealousy drove him from his fortunate position, and till lately he has tried his hand at every conceivable occupation in order to gain an honest livelihood, but without success; his wits he tried last, and the result, entirely successful for a time, has finally terminated most disastrously for his personal freedom. The foregoing is the gist of his confession, and there appears nothing as yet to disprove the strange statement. A recent case in our courts has afforded lots of scandal for those fond of dealing in the article. A young and beautiful widow, heiress to a large estate, but alas, of blasted reputation, sues an eminent Merchant of this city in regard to her interest in the property, of which he is trustee. The infamous charges brought against his reputation by her, his niece, fell to the ground and the case was dismissed, but not until her singular and corrupt career was blazoned to a curious world. Such histories as Mrs. Quimby, are no doubt too common in the hollow society, which has its throne in this corruptly fashionable city, but it is fortunate perhaps that they do not spend beyond those most nearly interested. They show that wealth and fashion are not happiness, that position and family connection are barriers not proof against the inroads of vice, when it is determined in its wickedness to take those steps which are over downward in the path of guilt.

Friday, last the anniversary of the death of Webster, was duly celebrated here and elsewhere by his chosen friends and admirers. In Boston the Hon. Edward Everett delivered an oration, so appropriate and eloquently beautiful, that no doubt it will be read and admired throughout the country, not only for itself, but as a fitting testimonial to the character of the great Statesman and Jurist it commemorated.

The lecture season has broken out afresh.—Geo. Sumner on "Old Europe and Young America," and Mitchell on young Ireland, to crowds. Dr. Dewey to most moderate audiences, which I can not understand, as his abilities are first rate. His last lecture on "artists," was perhaps as eloquent and beautiful a view of painting, sculpture and music, and their influences on the mind, as has ever been given in the country. Heaven knows how barbarously we are educated on these rich themes, but the wonder is that ignorance should so long be bliss in the land of the free and the home of the brave, who can understand every thing and do every thing at first sight.

Lovers of Mocha, and Chibouks, Hibernian Moslemites and ridiculous prices for what they get, will no doubt mourn over the destruction of Osganyans Khave, but it cannot be helped. Inexorable assignees of Yankee birth, have come down on oriental magnificence, in spite of the Allies and shut the sherbet shop up like a jack knife, and auctioneer hammers have since knocked down pipes and tobacco, uncorked scents for Mahomets houris and disposed of them all to the infidel crowd at a most ridiculous sacrifice. Mr. O, who has occupied his leisure hours acceptably to the public as a lecturer, intends hereafter to pursue that career as a profession, and you benighted "Badgers" can live in hope of knowing something about the "moral and political condition of Turkey" one of these days.

Geo Law's prospects for a home in the "White House," are evidently brightening. "Live Oak Clubs" are becoming as thick as coons in a hollow, and besides "Wild, the great candy man," not for a day, but for all the time, and Bennett, the Herald of success and incorruptible ore, the animated wooden candidate has just been endorsed by no less a person than the famed C. Edwards Lester, author of the Glory and the Shame, &c. Must not all of these adjuncts accomplish that which is the aim of ambitious politicians?

The Brooklyn police force is to be reduced one half. People who do not choose their words say, if entirely abolished, the city of churches would enjoy a state of security, such as is not often vouchsafed to large villages. Brooklyn, in marrying Williamsburgh, fairly swallowed that late flourishing city, which is as uneasy under the effect as Jonah was in a different, but somewhat similar position, and earnestly desires to throw up the connection, and the event will, no doubt, take place eventually.

Harper is out with the February number of his magazine and a new batch of "Little Dorrit," which has many admirers, I hear, and bids fair to be one of "Dicken's" best efforts.

The "Crayon," an art journal of great value, has commenced its 3d volume; its contributors are the best in the country, apart from distinguished artists, who liberally patronize it as a publication devoted to the interests of art.

I would commend the Christmas supplement of the London News to your readers as something unusually choice and appropriate to the delightful season, which is so admirably depicted

Harvard College has lost an old servant and able man in the death of Dr. Thaddeus Harris, its eminent Librarian.

"Stevens," the traveller, has sent home a large invoice of curiosities from Nineveh, a very rare and valuable collection, they are in Boston, and that city is taking steps to purchase these strange relics of Assyrian Kings.

Portland is a small, but enterprising city. Its inhabitants have made overtures whereby they hope to have the mammoth English steamer make their port its place of business instead of Boston or New York. They offer freedom from all the usual charges, besides their great depth of harbor, as inducements, and their enterprise deserves success. "Little, but loud" is the true motto after all.

We were to have had an opera on Friday last, but the unusual success of the La Grange troupe in Philadelphia prevented the company's arriving, much to the disappointment of many who relied on hearing "Don Juan" once more.

Laura Keene has made a hit at last, in "Still waters run deep," which comedy has better success done it by her company than it ever before had, though all the managers have tried it and Burton with great success. Rachel will not act in Havana, though she remains there to "coax;" her company has disbanded, and its members have departed for Europe. New Orleans and Cuba are sadly distressed on the subject but there appears no help for the great misfortune, which deprives them of hearing the most peerless of actresses and fascinating of women.

It gives me great pleasure to know, and it will his many friends in Wisconsin, that Mr. Wm. J. Bell, in his enterprise among the Bills and Bears of Wall street, has been beyond his hopes successful. Whether he will succeed in putting any of them off the bridge, remains to be seen, but business in his hands cannot but have full justice done it, to the entire satisfaction of those who confide it to his keeping His energy, punctuality, and business tact, are sure guarantees of it, while his fostering care of the interests of Wisconsin cannot but be appreciated and remembered to his advantage, while the act did honor to his head and heart, and *pluck*—for all things considered, that article deserves special consideration. for the part it performed VIOLA.

Report of the Senate Judiciary Committee,

On the Election Returns, Supplements, &c., in the office of the Secretary of State:

Your committee, as instructed by said resolution, have made careful examination of all the returns in the office of Secretary of State, of votes cast for the office of Governor at the late general election, that in such examination your committee have not confined themselves to an examination of the certified copies of the statements of the several boards of canvassers of the State, as returned and sent up to the office of the Secretary of State, by the several clerks of the boards of supervisors of the several counties of this State, but have also made an examination of all other papers in said Secretary's office, relating to such general election, and which are said to have been considered and acted upon by the State canvassers, in canvassing the votes and determining the result of said election, so far as relates to the office of Governor.

From these examinations your committee have arranged a tabular statement, showing the whole number of votes cast in each county, at the general election, for the office of Governor, and the names of the persons for whom the same were cast, as ascertained and determined by the certified copies of the statements made by the several boards of county canvassers of the State, as returned into the office of Secretary of State, by the several clerks of the boards of supervisors of this State; and the number of votes cast for the office of Governor in each county, as determined and certified by the board of State canvassers, the additions and deductions made by the board of State canvassers to and from the number of votes cast for said office, as returned and stated in the certified copies of statements of county canvassers, designating the counties to and from which such additions and deductions are made, together with the date of the filing of the several certified copies of statements of county canvassers.

From this statement it appears that the whole number of votes cast for Coles Bashford for the office of Governor, at the late general election, computed from the certified copies of the statements of the several boards of County Canvassers, as returned into the office of the Secretary of State, by the Clerks of the Boards of Supervisors of the several counties of this State is 35,872, and the whole number of votes cast for Wm A. Barstow, for the office of Governor, at said election, computed from the same certified statements, is 35,523, being 349 votes less than the number cast for Coles Bashford.

In this computation your committee have not included in the votes cast for Coles Bashford, eighty-one (81) allowed to him by the State Canvassers, which were cast in the county of Door, and were canvassed by the Board of Canvassers of Brown county, on the 15th day of November, 1855, as appears from a certified copy of the statement of said canvass, sent to the office of the Secretary of State by the Clerk of the Board of Supervisors, of Brown county, a true copy of which certified statement is herewith submitted, marked "H."

And your committee are informed by the Secretary of State that no returns of any kind were received in the said office at the time of making the canvass by the State Canvassers, from the counties of La Crosse, Kewaunee, La Pointe and St. Croix.

It also appears, from examinations made by your committee, and from the tabular statement herewith submitted, that the State canvassers have added to the number of votes cast for Coles Bashford for the office of Governor, as returned and stated by the several boards of county canvassers, 396 votes, including the 31 votes as above stated cast in Door county, and have deducted from the number of votes cast for said Bashford as returned and stated by the several boards of county canvassers, 70 votes. Said State canvassers have also added to the number of votes cast for Wm. A. Barstow for the office of Governor, as returned and stated by said several boards of county canvassers, 832 votes, and have certified the whole number of votes cast for Coles Bashford for the office of Governor at the late election at 36,198, and the whole number cast for William A. Barstow for the same office at 36,855.

The additions and deductions made by the State canvassers were made to and from the votes of the following named counties, viz: Adams, Chippewa, Door, Douglass, Dunn, Green, Manitowoc, Monroe, Oconto, Outagamie, Polk, Sheboygan, Washington, and Waupaca, and your committee herewith submit a particular statement of the votes added to or deducted from each of the counties above named by the board of State canvassers, and the nature of the evidence before said State canvassers, and upon which they acted in determining to make such additions and deductions to the votes cast for Governor.

In Adams county, the State canvassers added two to the number given for William A. Barstow, on the evidence of what purports to be a certificate of L. P. Ayers, deputy clerk of board of supervisors of said county, in which it is stated that two votes cast for "Barstow" in the town of Grand Marsh, were not counted in the *Official Canvass* for William A. Barstow, a copy of which is herewith submitted, marked J.

In Chippewa county, twenty-three votes were added by State canvassers to the number cast for Coles Bashford for Governor, and ninety-seven to the number cast for William A. Barstow, for Governor, on the evidence of a paper purporting to be a statement of votes cast at an election held at "Bridge Creek," in said county, with a certificate annexed purporting to be signed by James Greenwood and Henry French as clerks, and Albert Harwood and William Jones inspectors,—a copy of which is herewith submitted, marked A.

In Door county eighty-one (81) votes for Coles Bashford for Governor were counted by the state canvassers, and on the evidence of a paper purporting to be a certified copy of a statement made of a canvass of the votes cast in said county, by the board of canvassers of Brown county, under the hand and seal of the clerk of the county board of Supervisors of Brown county, a copy of which is herewith submitted, marked "I."

In Douglas county eighty-eight (88) votes for Wm A. Barstow, and eight (8) votes for Coles Bashford for governor were counted by the state canvassers, and on the evidence of two papers, purporting to be certificates made by Ilbram Hayes, clerk of the board of supervisors of Douglass county, stating that so many votes were cast at an election, held at Superior, in said county, on the 6th day of November 1855. One of said papers is dated October 9th, 1855, and the other is not dated at all. Copies of the same are herewith submitted, marked "B."

In Dunn county, the state canvassers added fifty-three (53) votes to the number cast for Wm. A. Barstow for governor, and fourteen (14) to the number cast for Coles Bashford, on the evidence of what purports to be a statement of votes cast at an election held at Gilbert's Mill, in said county, which statement purports to be signed by James McHenry and Henry Wilson, clerks, and Wm. Smith and Thomas Taylor, Inspectors. Said canvassers also added forty-four votes to the number cast for Wm. A. Barstow, and one vote to the number cast for Coles Bashford, on the evidence of what purports to be a statement of votes cast at Menominee, in said county, which statement purports to be signed by Samuel B. French and Robert Schaefer, clerks, and James D. Fisk and N. B. Green, Inspectors, copies of which papers and of the original certified canvass of the votes cast in said county are herewith submitted, marked "C."

In Green county the State canvassers added seventy-three (73) votes to the number cast for Wm. A. Barstow for Governor, and thirty-nine (39) to the number cast for Coles Bashford, on the evidence of a paper purporting to be an affidavit made by J. V. Richardson, a copy of which is herewith submitted, marked "K," and upon the following statement appearing on the certified statement of the board of county canvassers for said county, below the tabular statement of the votes cast in each town in said county—"Clarno."

"Vote rejected by the board of Canvassers on account of the illegality of the acts of the Town Clerk of said town, he being a resident of that part of the town of Clarno, that was attached to Monroe by act of the Legislature, approved March 21, 1855. Protest filed by B. Dunwiddie Affidavit by J. V. Richardson." This statement is not signed by any person. Opposite the word "Clarno" are figures under proper captions, showing that Coles Bashford had 39 votes, and William A. Barstow 73 votes, for the office of Governor in said town.

In Monroe county, fourteen (14) votes were added to the number cast for William A. Barstow, for Governor, and three (3) votes to the number cast for Coles Bashford, on the evidence of a paper purporting to be a statement signed by the Clerk and Deputy Clerk of the Board of Supervisors of said county, in which statement it is alleged that the number of votes above stated, were "set aside in the County Canvass, on the ground that they were polled in the town of Clifton, a town set off from the town of Wilton, August 14, 1855, which town is not yet organized, and polls were opened without any authority," a copy of which paper is herewith submitted, marked "E."

In Manitowoc county, sixty-seven votes were added to the number cast for Wm. A. Barstow, for Governor, and thirty to the number cast for Coles Bashford, on the evidence of two papers, one purporting to be a statement of votes cast in the town of Eaton, in said county, signed by Geo. Monroe and Ole Olson, Dec. 6, 1855, accompanied by the affidavit of one C. Gilbert, stating that Olson is Town Clerk of the town of Eaton, and that Geo. Monroe is one of the Supervisors of said town, *and further that he was the said person sign and execute the said statement.* The other paper is a statement of votes received at the election in the town of Eaton, in said county, as certified by the Clerk of Board of Supervisors of said county. This paper does not show for what offices the several votes were cast. Copies of these papers are herewith submitted, marked "D."

In Polk county one hundred and seven votes were added by the State Canvassers to the number cast for Wm. A. Barstow for Governor, and thirteen to the number cast for Coles Bashford, on the evidence of what purports to be a statement of votes cast at an election held at Spring Creek, in the county of Polk. Said statement purports to be signed by Henry Allen and John Ellis, Clerks, and Peter Branum and James Goodnough, Inspectors, a copy of which paper is herewith submitted, marked "F."

In Sheboygan county one hundred and eighty-five votes were added by the State Canvassers to the number cast for Wm. A. Barstow for Governor, and one hundred and seventy-seven to the number cast for Coles Bashford, on the evidence of a certified copy of a paper purporting to be a statement of votes cast at the general election in the town of Sheboygan Falls in said county, a copy of which is herewith submitted, marked "G."

In the certified copy of the statement of the board of county canvassers for this county, on file in the office of the secretary of State, in the tabular statement of the votes cast in each of the towns in said county and opposite the name Sheboygan Falls is the following: "Returns found defective and incorrect, the statement of votes given not corresponding with the poll list and no certificate to the statement annexed, therefore not admitted."

In Waupaca County eighty-three votes were added by the State canvassers to the number cast for Wm. A. Barstow for Governor, and seven to the number cast for Coles Bashford, on the evidence of a paper purporting to be a certified copy of a statement of the county board of canvassers, of a canvass of votes cast in town 23 range 10 east, in said county. Said canvass purports to have been made on the 19th day of Nov. 1855, and said certified copy was filed in the office of the Secretary of State, December 14, 1855, a copy of which is herewith submitted marked "H."

In Washington county ten votes were added by the State canvassers to the number cast for Wm. A. Barstow for Governor; and in Sheboygan nine votes were added by said canvassers to the vote of Wm. A. Barstow, on the ground that the written statement of the number of votes cast for Wm. A. Barstow for Governor, as appeared in the certified copies of the statements of the boards of county canvassers of said counties, did not correspond with the tabular statement in figures of the votes cast in the several towns in said counties for said Wm. A. Barstow for the office of Governor.

In Outagamie county sixty votes were deducted by the state canvassers from the number of votes cast for Coles Bashford for the office of governor; and in Oconto county two votes were deducted by said canvassers from the number of votes cast for said Bashford for the office of governor. In Outagamie county such deduction was made on the same ground that the additions were made to votes of Barstow in the counties of Washington and Sheboygan, viz: a variance between the written statement of the number of votes cast and the tabular statement in figures—the written statement being varied to correspond with the figures.—The deduction in Oconto county was made on the evidence of what purports to be a supplementary and correct statement of the votes polled in said county made by the board of county canvassers of said county, which was filed in the office of the Secretary of State, Dec. 14, 1855, a copy of which is herewith submitted, marked "L."

And your committee further report, that they find in the office of the Secretary of State, a paper purporting to be a certified copy of a statement made by John Fordyce, who signs himself clerk of the board of supervisors of Waupacca county and William P. Waterbury and A. Brandy, justices of the peace, and of said county, claiming to be a board of canvassers for the county of Waupacca, which certified statement shows that the whole number of votes cast at the late election, for the office of Governor, in said county of Waupacca, and canvassed by said board was 565, of which William A. Barstow received 269, and Coles Bashford received 296; a copy of which paper is also herewith submitted, marked H.

Your committee are informed by the Secretary of State that the above paper was received previous to the State canvass, but was not considered by the board of State canvassers in determining the number of votes cast at the late election for the office of Governor.

The foregoing are all the facts relative to the returns in the office of the Secretary of State, of votes cast for the office of Governor, as the late general election, which your committee have been able to ascertain; and your committee believe are all the material facts relative, to said returns which your committee will be able to ascertain under the instructions accompanying the resolution referred to your committee.

And your committee refrain from giving any opinion as to the legal right of said board of State canvassers to add to or deduct from the number of votes cast for the office of Governor, specified in the several certified copies of the statements of the several boards of county canvassers, as made by the several clerks of the boards of supervisors of the several counties of this State, and by them sent to the office of the Secretary of State, as your committee are of opinion that, under the resolution and instructions, no opinions are called for. All of which is respectfully submitted. D. TAYLOR, Chairman.

THE JANUARY TERM of the Circuit Court for Brown Co., Judge GORDLINE (for the most of the time) presiding, was in session in this city all of last, and the fore part of this week. We are told that the case of PETER BAIRD, indicted for the murder of DANIEL HILL, (both Oneida Indians,) created more interest than any other during the term. This case was brought on for trial on Thursday morning last, and the evidence was closed on the evening of the same day, when the Court adjourned to Friday morning to hear the arguments. The case went to the jury about noon, and in a short time they came in with a verdict of "Murder in the second degree." The court sent them out again with instruction that there was no such crime as "Murder in the second degree," on our statute books. Jury came in again with a verdict of "*Guilty.*" Counsel for defence made a motion for a new trial, which was argued on Saturday and granted, and the case sent to Manitowoc (March term) for trial. JOHN LUBY and J. H. HOWE was counsel for State, and Judge CUTTON and M. P. LINDLEY counsel for prisoner.—*Green Bay Advocate.*

THE MESSAGE IN CONGRESS.

Senate.

WASHINGTON, Jan. 24.

Mr. CLAYTON presented a communication which had been received from the President, in Executive Session, and from which the injunction of secrecy had been removed, transmitting a copy of a letter from Lord John Russell to Mr. Crampton, dated Jan. 19, 1853, in which it is declared that the British Government intend to adhere strictly to the Treaty of Washington of the 19th of April, 1850, and not assume any sovereignty direct or indirect, in Central America.

Mr. CLAYTON moved that the letter be transferred from the Executive to the legislative journal and printed. He then expatiated on the usurpations of Great Britain, and the tortuous diplomacy of her Ministry, stigmatizing it as monstrous and disgraceful.

Mr. CASS desired to speak, but not being well, he yielded the floor to Mr. Mason, who thought that debate was not now exactly proper, but definite action by the Executive. So far as he had read the documents, they show a purpose on the part of Great Britain, a total disregard of treaty stipulations with this country. When the question shall be presented to the Senate or Congress in a tangible form by the Executive, there would be no difference of opinion as to the incumbent duty of this Government. England will be held to a strict performance of her treaty stipulations.

Mr. SEWARD agreed with Mr. Mason that debate ought not to be indulged in till the House is organized, still he thought there ought to be no unnecessary delay in the settlement of this controversy with England. Unnecessary delay is indecision, and indecision often loses a good cause, while decision as often wins bad ones

Mr. CASS saw no reason why this subject should not be fully discussed before the American people, and moved to postpone the further consideration of the subject until Monday next.

Agreed to.

A Message was received from the President of the United States, stating that circumstances have occurred to disturb the course of Government in Kansas—producing a condition of things which renders it incumbent on him to call the attention of Congress to it, and he urgently recommends the adoption of such measures as the exigency seems to require. He alludes eulogistically to the principles embraced in the Kansas-Nebraska act, and the system of Government, and the laws to put it into operation; and adds that, while Nebraska was successfully organized, the organization of Kansas was long delayed, and was attended by serious difficulties and embarrassements—partly from local maladministration, and partly the unjustifiable interference of the inhabitants of some States with views foreign to the interests and rights of the Territory. Gov. Reeder, instead of constant vigilance in the exercise of his duties, allowed his attention to be deviated from his official obligations by other objects, thereby himself setting an example of violation of law and duty which rendered his removal necessary. The President in his message also alludes to the misdirected zeal of the propagandist emigration as the cause of the clashing of the Slavery and Anti-Slavery interests, and as emphatically condemns the efforts to anticipate or force a determination of that question in this inchoate state. The first Legislative Assembly, whatever may have been the informalities of its election, was, for all practical purposes, a lawful body. In this connection the President reviews Governor Reader's conduct regarding the removal of the seat of government, and his refusal to sign bills passed by that body. He then adds that the ill-feeling in Kansas, has now reached such a point that it threatens the peace not only of Kansas but of the Union. Relative to the recent Convention which framed a Free-State Constitution, he says: It was a party and not the people, who acted thus contrary to the principles of public law and practice under

Police Court, January 28.

A BRUTE IN HUMAN FORM.—A woman named Ann Dwyer came into the Court to obtain a warrant against her husband, for an attempt to kill her. This woman bears a good character, is of industrious habits, and has supported her worthless and brutal husband for the last year by her own labors in washing, &c. Her head had a gash in it about two inches in length, and was cut so that the skull was bare, while her left eye was terribly bruised and swollen. Her statement, corroborated by Deputy Marshal Shaughnessy, who had arrested her husband, was, that on Saturday night her husband, Michael Dwyer, came home drunk, and, without any provocation, commenced an assault with billets of wood, chairs, and other things, upon herself, her daughter, and an infant. Dwyer tore the door from its hinges and threw it into the street, and after knocking down his wife, commenced attacking the other woman and her child. The applicant tried to save the child, when Dwyer attacked her with a heavy chair and felled her to the ground; she was taken away bleeding, and some neighbors, with the officer, interfering, the man Dwyer was arrested and taken to jail by Shaughnessy.—The court issued a warrant for assault with intent to murder, against Michael Dwyer.

This same Dwyer has been up repeatedly in the Police Court for assaults, with intent to kill his wife and others, has been imprisoned several times, and once committed for assault with intent to kill a man named Russell, who was terribly cut up by Dwyer, but the Grand Jury let him run. But for the interference of the officer this time, the chances are ten to one that a murder would have been committed Saturday night.

C. H. Porter, for driving fast on Spring Street Bridge, was fined $2; Henry Wood, do, $2; Robert Porter, leaving his team unhitched, fined $2; A. Shoerman was fined $3 and costs, amounting to $3.49, defendant contesting the charge, for driving faster than a walk on Spring Street Bridge; Sanford S. Buck, for leaving his team unhitched, fined $2; Philip Neger, do $2; Andrew Kern, do, $2

AMENDMENTS TO THE CITY CHARTER.—In addition to other proposed amendments to the City Charter as already noticed in the *Sentinel*, we are informed that it is contemplated to give the Mayor a Salary of $2,500 per year, and to the City Attorney a salary of $2,000.

The duties of a City Attorney, who faithfully watches and defends the interests of the city, deserve a liberal salary, as the office will occupy all his time.

If the Mayor is to have $2,500 per year, what ought the Aldermen to have?

In addition to the above, it has been suggested that the term of office of each be extended to two years.

MILWAUKEE COMMERCIAL COLLEGE.—We invite attention to the advertisement of Messrs. BAYLIES & LINCOLN, in this morning's paper. These gentlemen propose to give at their Institution thorough instruction in Bookkeeping, in all its branches, and to teach their pupils to write *a good business hand.* Their rooms are especially located, well lighted, and convenient for their purpose, and the Principals appear to understand both the theory and practice of what they advertise to teach.

LOCOMOTIVE.—A new first class freight engine called the *Nebraska*, built at the Menomonee Works in this city, for the Mil. & Waterto wn R. R. Co., left on the track of the latter Company to-day. The same Company has just received fourteen additional freight cars. The engine and cars add $22,800 to the value of the rolling stock of the road. All will find abundant employment.

WELL DONE FOR THE DRIVERS.—The Drivers of our city had a Dancing Party last Wednesday evening at the Armory of the Light Guard, which was well attended and remarkably successful. The entertainment yielded a surplus of fifty dollars, which the Drivers, with praiseworthy liberality, divided between the Protestant and Catholic Orphan Asylums, giving $25 to each.

SNOW STORM.—The prognostics of a storm, Saturday, were amply verified. Before dawn, on Sunday, the wind was blowing a gale from East North-east, accompanied with a driving snow-storm. The snow continued to fall throughout Sunday and far into the night, and the much drifted, there is everywhere a good sleighing depth

CLEAR THE SIDE-WALKS.—We hope that the Marshal and other officers, whose duty it is to enforce the City Ordinance—if so be that we *have* any ordinances or officers to put them in force—will see that the side walks are cleaned of the ice and snow which now obstruct them and make the walking so slippery.

BALL AT THE DOUSMAN HOUSE.—The Social Ball at the "Dousman House," Brookfield, 10 miles, or so, from the city, takes place this evening. Good music and ample refreshments will be provided, and the sleighing is first rate.

THE CHIEF OF POLICE.—The *honest* portion of the public will learn with infinite satisfaction, that Mr. BACK, the Chief of Police, is considered out of danger, his wound is doing well, and we trust two or three weeks will be sufficient to enable him to resume his duties.

LEAVING TEAMS UNHITCHED.—Some half dozen teamsters were fined $2,00 apiece, yesterday, in the Police Court, for leaving their teams unhitched in the street. When *will* they learn that this is contrary to the City Ordinance, and inexorably punished with a fine?

FARM AT AUCTION.—ROONEY sells this morning a fine farm in Adams County, in this State, advertised for some time past.

☞ The opinion of a Lady who knows Frank M. Wever and has bought goods at

WEVER'S

DRY GOOD PALACE

AND

CARPET ROOMS!

Come to the Palace, oh come there with me,
Where fashion, gold splendor, still holds her levee
And smilingly tells you that Beauty is sold.
To youth, or to age, in exchange for their gold;
And their Lady-like charms through life may prolong;
In robes like a Queen's, which sell for a song.
They've shawls for the cold, and hats for the storm,
They've shoes which fall softly, so rich, and so warm,
They've carpets or Wilton, of Velvet, and Brussels
They've laces, and 'broideries, ribbons, and tassels,
They've bonnets most gaudy, for the young and sad,
They've suits like the sunshine, for merry and glad,
They've fabrics for millions, and hold their levee,
For those who pay trouble, or come but to see,
If Palace of Dry Goods, so wonderous grand,
Can be aught but a fable, of old Fairyland;
But those who know Wever, can't doubt for a minute
The glorious Palace, and all that's in it.

C. H. G.

Now I blush, indeed I do, what modest married man would not? Yes I console myself with the idea that beauty always pays tribute to worth and merit. Thanking sincerely you humbly beg for my contribution, I remain that by honesty, uprightness and my gentlemanly bearing, I may ever command her respect.

LILLIE'S SAFE TRIUMPHANT.

New York, Nov. 14th, 1855.

Philandar Eddy, Ag't World's Safe Co., Oshkosh, Ill.

DEAR SIR—You will notice by the New York papers that Lillie's Chilled Iron, Fire and Burglar Safes and Bank Locks, manufactured by the World's Safe Co., Troy, N. Y., have as usual obtained another *victory* at the great Fair of the American Institute, held at the Crystal Palace, over the *combined shed iron* Safe makers, by securing the *first premium* on both Safe and Lock, repeatedly. The Chicago certificate fares and posters were freely circulated here, but their malignant design could not defeat the *known superiority* of Lillie's Safes, and the Crystal Palace jurors have now *confirmed* what the jurors at the Detroit Fair *decided*, the Chicago jurors *duplicated*, and the public *reiterated*, that Lillie's Safe and Bank Lock are the best in the world.

Respectfully,

J. C. MORRIS,

MISCELLANEOUS.

THE NEW YORK TRIBUNE, 1855-6

THE TRIBUNE is now in the middle of its fifteenth year; Vol. XV. of its weekly issue commenced on the 1st of September last. The American public need not now be made acquainted with its character or claims to consideration. With but a subordinate regard for prudence, policy or popularity, it has aimed to stand for Righteousness, for Truth, for Humanity, against fortified Iniquity, Fraud and Oppression. There is not a slave-trader on this Continent; though he may never read anything but his bills of sale and notes-payable, who does not know and hate THE TRIBUNE; there is not an extensive fabricator of ardent and poisonous liquors who does not consider it a very dangerous and immoral paper, and wonder why its publication is tolerated in a commercial, commanding City like New York. The Newspaper Monopoly forcibly remarked that it had never known a hard, gripping, screwing, avaricious employer who was not hostile to THE TRIBUNE, nor one eminently generous and kindly who did not like it. Prompt and plain-spoken in its denunciations of iniquity and abuses of power, while claiming no exemption from human fallibility, it may have done temporary injustice to individuals, but it has never been unfaithful to Principle, nor deaf to the cries of the wronged and suffering. In its columns the advocates of novel and unpopular theories contemplating the amelioration of human woes, especially those of the voiceless and down-trodden, have never found a welcome and a hearing; and it has fearlessly assisted, and will persistingly combat, every attempt to proscribe and degrade any class because of diversities of Nativity, Creed, or Color.

In defiance of calumnies the most atrocious, and of hostilities the most deadly and undying, THE TRIBUNE has grown steadily in public appreciation from the day of its origin. In its sphere of service it has long since outgrown its proportion. Instead of a single editor with one or two assistants, its organization now comprises a numerous body of writers, each filled by special accomplishment and superior fitness for the particular line of discussion to which his pen is devoted; the daily amount of reading matter given more than quadruples that of the earliest issues; Steel of unlocal correspondents enriching the globe, intelligent, graphic and intelligent narration of whatever is most worthy of attention; while Politics, Legislation, Literature, Art, History—in short whatever affects the social well-being of mankind, Domestic Theology alone excepted—finds here the freest and most searching discussion.

Attached by profound conviction to the beneficent polity of Industrial development and Internal Intercommunication which the Whig party, under Governors Clinton and Henry Clay—imbued, moreover, with that spirit of forbearance toward our weaker neighbors and generous fraternity amongst the States of this Confederacy of peace with All which will hallow the name of Webb, THE TRIBUNE, while surrendering no jot or tittle of principle, or of its Pro-Slavery platform, we hailed and proclaimed that the Whig party was no more. Subsequent events, including the rise and culmination of the Know-Nothing conspiracy, and the speedy absorption therein of the whole force of Pro-Slavery Whigism, only confirmed our undoubting anticipations. With no sickly lamentations, therefore, for the inevitably by-gone, but with hope, and joy, and sympathy, and words of cheer, have we hailed the beginning and watched the progress of that mighty REPUBLICAN movement which, impelled by the pestilent violation of the Missouri Compact, and stimulated by the astounding outrages which followed the right of the Free Settlers of Kansas have been the victims—by the repeated and utter villation of their elections by an armed mob organized by conspiracy and lawless combination to drive them from the border counties of the neighboring Slave State, is destined to sweep away the land-marks of old party feuds, and unite the true hearts and strong arms of the free-soiled in one mighty effort to save the Government and scandal of our country within the limits of the States which unwisely uphold it. To the success of this effort, the energies of THE TRIBUNE will be earnestly directed; while the TEMPERANCE REFORM, including the entire suppression of the Traffic in Intoxicating Beverages, will find in it, as in the past, an earnest and unfaltering champion.

Commencing as a daily folio sheet of moderate size, and with scarcely a shadow of patronage, THE TRIBUNE is now issued in quarto form DAILY (three distinct editions), SEMI-WEEKLY and WEEKLY, each of sheet 44 by 24 inches, though ample pages of six columns each. Its circulation has steadily grown from nothing to the following aggregates:

Daily issues (evening and morning).29,500 copies.
Semi-Weekly.....14,175 "
Weekly.....137,750 "
California edition.....6,000 "

Total.....187,425 copies.

We believe no other newspaper in the world has a subscription list so very half so large as this; and no paternal of any sort can rival it. And while its extreme cheapness rendering an increase of paying readers only an indirect pecuniary advantage to us, has doubtless largely swelled its subscription list, it would be absolutely not to perceive in this unprecedented patronage some evidence of public approval and esteem.

TERMS.

THE TRIBUNE employs no traveling agents and sends out no papers on trust. If it is not stopped when the term paid for expires, and the subscriber does not choose further to pay for it, we resort to no legal process to compel him. On the weekly, we mean to stop every paper on the expiration of the advance payments, awaiting a fresh requisition from the subscriber. If mails come, the account is closed. We pay no local agents; wish no money paid to any when the payer cannot treat him to mail or otherwise remit it to us; once mailed, it is at our risk, and a serious risk it often proves); but are grateful to every one who deems it a good work to obtain and forward the names and money of his friends and neighbors. Our terms are highly reasonable—for the

DAILY TRIBUNE, $8 per annum.
SEMI-WEEKLY, $4; two copies for $7; five for $15.
WEEKLY, $2; three copies for $5; five copies for $8; ten copies, $15; twenty copies, $28; and one additional copy for $1 each; twenty copies, or over, to address of each subscriber, $1,20 each.

Additional copy at all times to be made to a club at the price paid by those already in it.

ANOTHER TRIUMPH OF HERRING'S SAFES.

MR. SILAS C. HERRING—

DEAR SIR:—The safe I bought of you, nearly two years since, has "turned up" all right. We dug it from the ruins in the cellar yesterday. The safe was in the back part of the fourth story of "Tattersall's Building," corner of Fifth and Chestnut streets, in the big fire of the 15th inst., and fell with the burning timbers a distance of 40 feet. It contained all my books and papers. Not a thing was saved on my premises except the contents of your safe, which effectually resisted all the "fire of the flames." I am now using the same books and papers.

Yours, truly,
